Tax Credit

Provided you have a tax liability to the state, a tax credit will allow you to reduce the amount of your tax liability to the state (your state tax bill) or increase your refund from the state. The amount you donate will be the amount you may claim as a state tax credit.

A tax credit is a dollar-for-dollar reduction in the actual tax owed and in some cases, can even increase your refund from the state. For example, if you donated \$50, paid \$300 in taxes and are receiving a \$250 refund, your refund will increase to \$300. Either way, you are sending your tax dollars directly to the school(s) of your choice.

Check with your tax consultant to see if you could also be eligible for a deduction on your federal taxes to the Internal Revenue Service.

Arizona law enables taxpayers a tax credit contribution of up to **\$400** per calendar year if filing status is Married, filing Joint Return; **\$200** per calendar year if filing status is Single or Head of Household; and, **\$200** per calendar year if filing status is Married filing separate return.

Please note that Tax Credit payments are NOT refundable.
